

M2c480

Quality cleaning in a quick sweep

Push sweeper

Reliable, simple and powerful

The M2c *PushSweeper* offers you a robust and highly productive cleaning solution which is easy to use and available at a competitive price.

Compact design, quality construction and cost-effectiveness is offered. The sweeper is built on a rugged frame, and the brooms are rotated via a belt drive or by a simple two-wheel transmission with very little need for service since no motor, battery or power cord will require your attention.

You can focus on the cleaning job, the *PushSweeper* offers great capacity with its 38-litre hopper. While pushed to clean indoor floors or outdoor areas, the *PushSweeper* will sweep away and pick up paper, leaves, bottle caps, corks, cigarette butts - even small screws, and nails, etc.

- The compact design makes the M2c *PushSweeper* ideal when space is limited and for cleaning in congested areas.
- For most of the time, the sweeper is virtually service free, as it is purely mechanical – with is no motor, battery or power-cord.
- The main broom is adjustable by turning the handle knob. It is driven by a two-wheel transmission, and when the sweeper is pulled back, the broom will stop rotating. To replace the main broom, just unscrew three screws on each side of it.
- Side broom is belt driven. To increase the tension of the belt, just move the plate, unscrew two screws on the plate, and adjust as needed.
- To replace the side broom, just unscrew three screws. The 38-litre hopper is very light, and the robust handle makes it easy to empty.

Technical specifications

Description	M2c480
Power source	manual
Productivity rate main broom theoretical/actual (m ² /h)	1920/960
Productivity rate 1 side broom theoretical/actual (m ² /h)	2800/1400
Productivity 2 side brooms theoretical/actual (m ² /h)	-
Working width w/right side broom (mm)	700
Main broom length (mm)	480
Hopper volume (l)	38
Weight (kg)	19.5
Shipping weight (kg)	23.8 (package)
Length x Width x Height (mm)	1320x850x1000 mm (operation)
Dimensions (mm)	960x850x1030 mm (upright)
Packaging Dimensions (mm)	860x810x390 mm (package)
